BARREIRA A+D

Valencia, Spain

2021 -2025

Bachelor's Degree in Interior Design

- Degree focused on interior architecture and design, encompassing technical drawing, spatial planning, and materials selection.
- Project and Site Manager, specialising in product design and the technical aspects of lighting.

BARREIRA A+D

Valencia, Spain

2019 -2020

(HND) in Graphic Design

- Course focused on audiovisual communication, digital marketing, and multimedia design.
- Acquired technical expertise in web editing tools and content production for online and multimedia environments.

EXPERIENCE

PRIVATE CREDIT

Valencia, Spain

March - July 2021

Part-Time Web Development

- Designed and developed the company's website from scratch, including layout, structure, and responsive functionality.
- Created all graphic and visual content, such as icons, banners, and imagery, ensuring a cohesive visual identity.
- Collaborated on content strategy and SEO optimisation to improve visibility.

ASCIRES · BIOMEDICAL CLINICAL

Valencia, Spain

September 2021 - February 2022

Part-Time Creative designer in the marketing department

- Developed creative content for corporate events, conferences, and social media, as well as internal marketing campaigns.
- Designed and produced visual materials such as banners, email greetings, and website assets, ensuring brand consistency.
- Coordinated with external suppliers and managed advertising materials, overseeing print production and verifying final deliveries.

EXPERIENCE

PAOLA VELÁZQUEZ · INTERIOR DESIGN STUDIO

Canary Islands, Spain

June - August 2024

Full-Time Interior Designer

- Worked on both full-scale projects and individual spaces within high-end residential properties across Spain.
- Developed design concepts and client proposals using 3D models and visual presentations, progressing to detailed technical drawings and material specifications.
- Prepared final design documentation and delivered client presentations, ensuring design intent and finishes were clearly communicated.
- Conducted site visits and supervised works, reviewing technical drawings on-site to coordinate finishes, lighting layouts, and construction details.

OPTIONS GREATHIRE

London, UK

August - October 2025

Full-Time Product Check-in and Quality Control

- Coordinated incoming orders with the loading team to ensure smooth workflow and timely processing.
- Verified that products in each batch matched the correct model, quantity, and were in perfect condition.

SOFTWARE SKILLS

- Skilled in using Adobe Creative Cloud, particularly InDesign, Illustrator and Photoshop.
- Skilled in AutoCAD and Revit for technical drawing and project development.
- Experienced in 3D modelling and rendering with 3ds Max, Blender, and SketchUp, with expertise in V-Ray and AI-enhanced post-production.
- Course in Photography and Post-Production, including photo editing and video editing using Adobe Premiere Pro and After Effects.
